

LOCAL MISCELLANY.

From Monday's Daily.

C. A. Overlock has gone to Tombstone on a short business trip.

A large American flag now adorns the flag pole on the Masonic temple.

Several cattle shipments will be made from Don Luis during the next week.

Geo. Fitts, the Tombstone merchant, is in El Paso on a short business trip.

Robert Best, an old time miner from Tombstone, is spending a few days in our city.

Mrs. Mollie True has joined her husband at Tucson where they will in future reside.

The Bisbee contingent of the trial jurors for this term of the district court left last night.

The Erie Cattle company are making a shipment of cattle to their eastern ranges this week.

This office is serenaded daily by the citizens of our sister republic who are rusticated in Hotel Graham.

Allie Sowles is attending to the business of the Bisbee Water company during the absence of E. B. Mason.

The home guards have secured the opera house and will hereafter meet at that place on Monday and Thursday evenings.

The residence of Wm. Brophy on Cattle Hill is rapidly assuming proportions, and when completed will be one of the finest residences in southern Arizona.

C. D. Keller left tonight for Bethel, Vermont, where he will remain. Mrs. Keller and daughter are already located there, and Mr. Keller will call that place his future home.

During the absence of Rev. Pritchard in the east Rev. Chase will conduct the services at the Union church. He began his work last evening and delivered a most interesting sermon.

J. G. Pritchard left yesterday for Tombstone where he is to act as a witness; he expects to join his family at Fairbank this evening, and with them will go on an extended trip east.

Steve Römer, the well known express agent at Benson, was in this city Saturday in the interest of the new refrigerator express service which is being arranged. Hereafter on each Friday a through express refrigerator car will be thought direct from the east to Bisbee. It will contain poultry, eggs, etc.

The festival given at the Opera House on Saturday evening by the ladies of St. John's Guild was a complete success and will net the guild in the neighborhood of \$140. The programme rendered was most unique and entertaining. The flag drill by the sixteen young ladies was exceedingly good, and the young ladies were most heartily encouraged.

The juvenile who is playing at editing a newspaper over at the county seat has got a bad case of swell head because he thought The One was classing his disreputable-looking sheet with the Examiner. The prospector is in a class by itself since the demise of its insane prototype, the Trailer. In Saturday's issue of that sheet occurs a statement that it is publishing press dispatches, the evident intention being to mislead the public into the belief that they are received fresh from the wires daily. A few days ago a stranger in Tombstone inquired of a citizen there if the Prospector received press telegrams, and was answered: "No; they come by burro." The juvenile aforesaid seems to have a poor opinion of the intelligence of the good people of Tombstone.

Peter Weidner, manager of the South Bisbee company, left last night for Tombstone on his way to Los Angeles where he goes to attend a meeting of the directors. The company's work here is progressing rapidly, and it is expected to have the shaft down to the depth of 200 feet by the first of July. A body of iron and talc was struck in the shaft a few days since which, experienced miners claim, is a first class indication of the nearness of a body of copper ore. The shaft is down nearly one hundred feet. The sale of the shares of stock in this company continues as brisk as ever, and a number of eastern capitalists are investing. The company has had all of its claims surveyed and amended location notices filed to them which places the properties in most excellent shape.

From Tuesday's Daily.

K. of P. and Uniform Rank meet tonight.

C. A. Overlock returned from Tombstone this morning.

Mrs. D. Graham and sister, Miss Juraldo, returned today from a visit to Nogales.

Theo. Metz returned today from Tombstone where he has been on court business.

The smelter at Rollin, near Crittenden, will soon start up again on ores from near Harshaw.

Miss Edith Hughes left today for Tombstone on a visit to her sister, Mrs. Jos. McPherson.

Mrs. A. Paul arrived recently from Montana and will assume management of the Norton House.

Remember that The One is the only daily paper published in Cochise county that publishes a daily press report; the reliable news and not rot bulletins.

Geo. Porter returned this morning from Tucson where went to attend the meeting of Grand Lodge K. of P.

Wm. Coroson and D. Graham returned today from Tombstone where they have been in attendance at court.

Two companies of cavalry from Denver have been ordered to proceed to Ft. Huachuca where they can be used in case of an attack near the line. "K" troop which has been at Huachuca for some time, have been sent to Nogales to patrol the line, there being some fear of an uprising.

Strawberries and cream at Phoenix, watermelons at Yuma, five inches of snow at Prescott and snow and ice at Flagstaff, last week, will give the stranger to Arizona an idea of the varied climatic conditions in our territory. Arizona is certainly a land of contrasts, yet for salubrity of climate the territory in general is not surpassed anywhere in the world.

The Tempe News of yesterday has a letter from one of the members of the cowboy cavalry at San Antonio, Texas, which indicates that the boys are getting a taste of real army life. One of the boys has already been treated to an inside view of the guard house for overstaying his leave in town. He says there is plenty of drill, and that job is by no means any easy one.

A. Bauer, who is always receiving the best of meats for his patrons, received this morning from Phoenix a car load of prime beef cattle. In the car load were several head of sucking calves which will be butchered. It is not very often that the Bisbee market is supplied with a choice lot of veal, and if you want to enjoy a toothsome roast of veal or tender beef you should place your order with the O K Market.

The grand lodge Knights of Pythias at Tucson passed a resolution directing all subordinate lodges to fly the American flag above the flag of the order whenever the latter is displayed. Jerome was chosen as the next place of meeting. Grand Lodge officers were elected as follows: Past Grand Chancellor, J. G. Pritchard; G. C., J. A. Knoblock; V. G. C., C. H. Moore; Prelate, Reese Ling; G. K. of R. and S., Harry Drachman; G. M. of E. C. H. Coble; G. M. at A., Geo. Porter; G. I. G., Steve Roemer; G. O. G., C. F. Leonard.

From Wednesday's Daily.

J. W. Sheppard returned this morning from a short trip to Tucson.

It is said that Bisbee is to have two more grocery stores in the near future.

Mrs. Wm. Harris left last night for Prescott, where she will remain for some time.

Bisbee will celebrate the Fourth this year as usual, and a movement to that end is now under way.

M. Stein, the Phoenix merchant, who has been here for several days, left yesterday for the former place.

Mrs. Fred Fitch entertained a few friends at her residence on Bisbee Heights on Saturday evening.

A meeting of the Fourth of July committee, together with the citizens, is called. See notice in another column.

Another wedding is reported to be on the tapis. Both parties are well and favorably known. There is a widow in it. Guess the rest.

The government demand for aparejo packers is meeting with ready response and applications are being sent in from all over the country.

The new hose house for the fire department is rapidly assuming shape, and when completed will be a great improvement over the old one.

The wife of Jack Pennypacker presented her amiable spouse with a fine bouncing 9½ pound boy a few days ago, for which he is duly proud. Mother and son are doing nicely.

Wiley Jones, district attorney of Graham county, and good democratic politician, paid our city a short visit yesterday. Wiley is making one of the best district attorneys that Graham county has ever had.

Mrs. Myers, mention of whom was made in The One yesterday in connection with assuming control of the Norton house, has given up the idea, but will remain in this city on a visit to her son, Alfred Paul.

Dr. Rosson, a well known physician of Phoenix is dead. He came to Arizona as an army surgeon and was for a time stationed at Fort Grant. Later he resigned his position and settled in Phoenix where he has resided since 1879. He was a Virginian by birth and a democratic politician of local note.

The Prospector's grapevine telegraph service yesterday flashed the news that a United States vessel had been sunk by a Spanish torpedo boat in Cardenas harbor. There was a vessel blown up there a day or two ago, but our advices are to the effect the explosion was due to accident or negligence on board the vessel. Evidently more fake bulletins.

Ben Franks has sold out his stock of dairy cows to a Kansas buyer who shipped them to that state Monday. Mr. Franks has been in the dairy business here for nearly twelve years and has made quite a little sum of money. He expects to remain in the county, but will go east in a few weeks on a short visit to his parents, whom he has not seen for sixteen years.

Proceedings of District Court.

TOMBSTONE, ARIZ., May 14, 1898.

Court convened at 10 a. m. Judge G. R. Davis presiding.

The grand jury made their final report which was submitted. The report states that twenty-seven charges were considered of which thirteen true bills and indictments were found, twelve charges ignored and two cases referred next grand jury. The jury were dismissed after a few commendatory remarks by Judge Davis of the expeditious manner in which their labors were formed. In this respect credit is also due District Attorney English for efficient assistance rendered the jury.

Miguel Castaneda, for acting interpreter in the grand jury room, was allowed \$10.

The following amounts were allowed indigent witnesses: Bartolo Vranio, \$7.70; Francisco Vasquez, \$7.70; Luterio Zamora, \$7.70; Ricardo Ademis, \$7.70; Jose Vasquez, \$7.70; Rafael Vasquez, \$7.70; Bartolo Esquero, \$7.70, and Antonio Lan, \$7.70.

School Matters.

The school board will meet next Wednesday to appoint the teachers for next year. Nearly one hundred and fifty applications have been received. The present teachers will undoubtedly all be re-employed, as they have given excellent satisfaction. Prof. Stewart is not an applicant and therefore a new principal will have to be selected. One new teacher will also be selected to take charge of the new room which has recently been furnished. The present school board have always given the most entire satisfaction in their management of the school affairs, and it is a safe prediction that the corps of teachers selected for the next year's work will be fully up to the standard, as they have been in the past. We understand that the grade of the school is to be raised and some of the higher studies taken up. There is no reason why the grade could not be raised so as to take in all the higher school branches so that when our pupils graduate it will not be necessary for them to spend three years in a preparatory school before entering college.

The report sent out that Marshall Bird, son of Editor Bird, of the Nogales Oasis, had died from his injuries received at San Antonio, Texas, by being thrown from his horse, was erroneous. He is doing nicely, and his recovery is now hopeful.

FOR THE ONE.

WANTS TO BE A SOLDIER.

I'd like to be a soldier man,
Said little Willie Hicks.
I mean a real live soldier;
Not one that's made of sticks.
Then I could wear a uniform
And have a sure-enough gun,
And go to help make Cuba free.
Oh, gee! wouldn't that be fun?

Brother Eddie and I play army
(He wants to be a soldier, too,
But he wants to always play captain,
And I don't think that's fair—do you?
I wonder they don't take little boys;
I think they're awful mean.
Just think how they could climb up trees
And shoot and not be seen.

Sister Grace can't be a soldier,
For girls ain't made to fight;
All they're good for is to play with dolls
And learn to read and write.
I'm awful glad I ain't a girl—
They can't play soldier like boys;
For people will say they're naughty
If they make the tiniest bit of noise.

Oh, how I wish I'd go to sleep
And wake up big like Uncle Ken;
Then I could be a soldier,
Just like those other men.
Maybe I'd join Teddy's cowboys
And ride a pony. Gee!
Wouldn't Eddie and those other boys
Wish they were big like me?

But papa says I am too young,
And must not talk this way.
I guess he thinks his son can't fight,
But you bet I did today.
A Spanish boy said Uncle Sam's
A good man, ain't he—Nt!
And I gave him a couple of good ones.
And you ought to see him git.

UNCLE BILLY.

Los Angeles, May 15, 1898.

The Copper King.

The development work on the three tunnels on the 600-foot level of the above company is progressing rapidly, and everything looks most favorable. A few days since we were shown some excellent pieces of rich sulphide ore that came from one of the drifts. The extent of the body we are at present unable to state, but from Supt. Blackburn's remarks we judge it is quite extensive. The sale of stock in this company has reached an enormous amount, and there is available cash now in the treasury sufficient to push development work for several years, besides erecting the proposed 100-ton smelter when needed. As the King has now reached a depth similar to the Queen, where rich ore bodies are known to exist, it is only a matter of time when we will be able to herald the good tidings of a rich strike in the King.

Notice of Forfeiture.

To Fred H. m. His Heirs or Assigns: You are hereby notified by the under signed, your co-owner in the Stock mine, situated in the West Huachuca Mining District, at or near the head of Cave Canyon, in the county of Cochise, Arizona, that I have exp. uised the sum of one hundred dollars in labor on the above mining claim. In the performance of the annual work for the year 1897, in order to hold said claim under the provisions of Section 2321 of the Revised Statutes of the United States and the amendments thereto, concerning annual labor upon mining claims, it being the amount required to hold said claim for the period ending December 31, 1897.

And if within ninety (90) days after the publication hereof you fail or refuse to contribute your proportion of such expenditure as co-owner, your interest in the said mining claim will become the property of the subscriber, your co-owner, who has made the required expenditure by the terms of said section.
